To
Hiring Manager,
HR Department.

Hello, I'm Anushka Prabath Bandara, a dedicated and passionate undergraduate student currently pursuing a BSc. (Hons) in Computer Science and Software Engineering - Top Up program at SLIIT | Sri Lanka Institute of Information Technology. I am in my 2nd year of studies, and my degree program spans a total of 3 years. My educational journey started at Kingswood College, Kandy, where I laid the foundation for my passion for technology.

Throughout my academic and professional journey, I have found a deep interest in web development, particularly in both frontend and backend aspects. I possess a diverse set of skills, including C# .NET development, React.js, React Native, Python, and Java software development. I am proficient in creating dynamic and interactive web applications using React, and I have also explored WordPress website development. Additionally, I have honed my creativity and design skills through the use of tools like Photoshop, Illustrator, After Effects, Blender, Maya, Adobe XD, and Figma. In previous years, I had the opportunity to work on various freelance design projects through Fiverr.

I am proud to have completed my G.C.E. (A.L) with a focus on Mathematics, including Information Technology as a subject. This academic background has provided me with a strong foundation in problem-solving and analytical thinking, which I find invaluable in the field of software engineering.

As I continue my journey in the world of technology, I am driven by a desire to make a meaningful impact through innovative and user-focused solutions. I am constantly seeking new challenges and opportunities to expand my knowledge and skills, and I'm excited to see where this path leads me in the world of technology and development.

Thank You.

Best Regards,
A.P.Bandara.

Dhanasekara Mudiyanselage

Anushka Prabath Bandara

Computer Science and Software Engineering
(Undergraduate)

I work well in a team but also on my own because I like to create objectives that I will attain, and I have strong listening and communication skills. I'm a lovely, fun, and sociable person who is honest and reliable. I am open to taking on new tasks and have a creative mind. I am well-organized, and I make sure to prepare ahead to make good use of my time.

EDUCATION

2006 - 2019 • **KINGSWOOD COLLAGE KANDY**

- G.C.E. (O/L) Examination - (2016)
- G.C.E. (A/L) Examination in Physical Science stream - (2020)

2019 - 2020 • **NIBM**

Certificate in Advertising and Graphic Designing

2022 PRESENT • **SLIIT**

B.Sc. (Hons) Computer Science and Software Engineering University of Bedfordshire

YEAR 1

Semester 1 - PASS

1. Mathematics for Information Technology
2. Business English & Communication Skills
3. Introduction to Programming (C/C++)
4. Computer Programming Techniques and Practices
5. Fundamentals of Information Technology

Semester 2 - PASS

1. Data Communication Computer Networks I
2. Object Oriented Programming (JAVA)
3. Database Management Systems (SQL)
4. Technical Communication
5. Object Oriented Analysis Design

YEAR 2

Semester 1 - PASS

1. Web Application Development
2. Interactive Design Concepts and Practices
3. Operating systems
4. Design & Analysis of Algorithms
5. Emerging Technologies and Frameworks

Semester 2 - PENDING

1. Object Relational Database Management Systems
2. TCP / IP Networking Concepts
3. Data Structures and Algorithms
4. Computer Security
5. Project & Professional Aspects

• **UDEMY - COURSES**

WORK EXPERIENCE

- **RAPTORS SOLUTION**
  React web developer
  6 month

- **FREELANCE**
  Web development and Designs

TECHNICAL SKILLS

- **React**
- **HTML**
- **CSS**
- **JavaScript**
- **Java**
- **c#**

- **C/C++**
- **Python**
- **node.js**
- **SQL**
- **PHP**

CREATIVE SKILLS

- **Photoshop**
- **illustrator**
- **After effects**

- **Premiere pro**
- **Blander**
- **Maya**

- **Figma**
- **Adobe XD**

SOFT SKILLS

- **Time management**
- **Communication**
- **Creativity**

- **Problem-solving**
- **Teamwork skills**

INTRESTS

- **Web development**
- **UI/UX Design**
- **Backend developer**
- **New Technologies**
  (Blockchain)

- **C# /.net development**
- **Java application developer**
- **Mobile App design and development**

PROJECTS

- **Student Management**

  C#   SQL

- **Dashboard**

  C#   .Net

- **TimeTicker Software application**

  Java   SQL

- **Java queue 10+ project**

- **Roo-studio Web application**

  React   HTML   CSS   JavaScript   Material ui

- **Dress code Web application**

  HTML   CSS   JavaScript   SQL

- **Product management system**

  HTML   CSS   JavaScript   SQL

- **Portfolio**
  React App

  React   HTML   CSS   JavaScript
